NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Clare; and purpose giving similar Tables from time to time, for each County of the Province of Munster, at such intervals as the progress of the work will permit, to be followed by those of Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF CLARE.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Clare from the Census returns of 1881.

SUMMARY.

Area.

The County of Clare covers an area of 827,914 statute acres, or 4·0 per cent. of the total area of the country.

Distribution of Land. (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 66,400 acres under tillage, 85,286 under meadow and clover, and 475,316 under pasture, making a total of 616,952 acres of Arable Land, or 81·2 per cent. of the total extent of land in the County; 7,768 acres, or 1·0 per cent., under Plantations; 37,525, or 4·9 per cent., under Bog and Marsh; and 72,789, or 9·6 per cent., under barren Mountain Land. The remaining 25,040 acres, or 3·3 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County of Clare according to the Census was—in 1841, 286,394; in 1851, 212,440; in 1861, 166,305; in 1871, 147,864; and according to the recent Census, **141,457** (**71,058** Males and **70,399** Females) or **4·3** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 25,509, the average number of persons in a family being thus 5·44; and the number of Inhabited Houses was 24,459, showing an average of 5·68 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies	Population		Decrease between 1871 and 1881.		Poor Law Unions.	Population.		Decrease between 1871 and 1881.

Total,	147,864	141,457	6,407	4·3	Total,	147,864	141,457	6,407	4·3

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Bunratty Lower and Upper, viz., 11·9 and 7·4, respectively, and the lowest in Islands and Ibrickan, viz., 1·3 and 1·8 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Limerick situated in this County, and the lowest in Ennistimon.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 95·11 per cent. were born therein, 2·55 per cent. in other counties of the Province of Munster; 0·62 per cent. in Leinster; 0·21 per cent. in Ulster; 0·83 per cent. in Connaught; 0·50 per cent. in Great Britain; 0·18 per cent. were born abroad, and 1 person was born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains two such districts, viz., Ennis and Kilrush, Townships constituted under the provisions of the Act 17 & 18 Vic., cap. 103; in 1871 the total population of these townships amounted to 10,927; in 1881 it was 10,112, showing a decrease of 815, or 7·5 per cent.; in the rural district of the county the decrease was but 4·1 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 5,413; and the borough of Ennis, with a constituency of 254, returns one Member.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	144,440	138,508	97·7	97·9	—	5,932	4·1
Protestant Episcopalians,	2,027	2,669	2·0	1·9	—	358	11·8
Presbyterians,	220	165	0·2	0·1	—	55	25·0
Methodists,	54	65	—	0·1	1	—	1·6
All other Denominations (and Religion unascertained),	113	48	0·1	—	—	65	57·5
Information refused,*	—	2	—	—	2	—	—
Total,	147,864	141,457	100·	100·	—	6,407	4·3

From the above Table it will be seen that of the total population of the County, in 1881, 97·9 per cent. were Roman Catholics, 1·9 per cent. Protestant Episcopalians, 0·1 per cent. Presbyterians, and 0·1 per cent.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists. During the decade there was a decrease in the number of Roman Catholics amounting to 4·1 per cent.; of Protestant Episcopalians, 11·8; of Presbyterians, 25·0, and of Members of all other Denominations 57·5 per cent. There was an increase of 1 in the number of Methodists.

Education. (Table xxx.) The following statement shows the Educational Status of the Inhabitants of the County of Clare in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	64,566	43·7	76,173	53·9
Read only,	15,972	10·8	15,012	10·6
Illiterate,	67,326	45·5	50,272	35·5
Total,	147,864	100·	141,457	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 43·7 per cent. of the Inhabitants could "read and write," in 1881, 53·9 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 10·8, and in 1881, 10·6; and that the per-centage of the "illiterate" fell from 45·6 in 1871 to 35·5 in 1881.

(Table xxxii.) The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	64,242	65,527	129,769	62,014	62,510	125,423
Number of ditto Illiterate,	21,449	27,782	49,231	15,476	18,772	34,248
Proportion per cent.,	33·4	42·4	37·9	24·6	30·0	27·3

From the foregoing statement it will be seen that, in 1871, 37·9 per cent. of the inhabitants, aged five years and upwards, were illiterate (33·4 per cent. of the males and 42·4 of the females), and that, in 1881, the per-centage was but 27·3 (24·6 of the males and 30·0 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 27·8 per cent. of Roman Catholics, 4·3 per cent. of Protestant Episcopalians, 3·7 per cent. of Presbyterians, 3·3 per cent. of Methodists, and 8·7 per cent. of the Members of "All other Denominations" were illiterate.

School Attendance. (Table xxxvii.) The number of children attending school in the County of Clare, according to the Census of 1871 (week ending 17th June), was 18,521 or 35·6 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 21,854, or 42·2 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.) In 1871 the number of persons in the County of Clare returned as Sick, on the night of the Census, was 1,462 or 1 in every 101 of the population; in 1881 the number so returned was 1,172 or 1 in every 121 of the population; of the latter number, 440 were at their own homes, and 732 were in hospital.

Pauperism. (Table x.) The number of persons returned in 1871 as receiving relief under the Poor Law System was 2,376 or 1 in every 62 of the population; of this number 1,849 were inmates of Workhouses, and 527 were in receipt of outdoor relief; in 1881 the number returned was 5,057, or 1 in every 28 of the population; 2,045 of these being in the Workhouses, and 3,012 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Clare, during the ten years ending 31st March, 1881, was 5,531, equal to an average annual rate of 3·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 36,747, affording an average annual rate of 25·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 22,175, being equal to an average annual rate of 15·3 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 18,796 (9,708 males and 9,088 females); the number for the previous decade was 31,067, and for that ending with March, 1861, 50,033, making a total of 100,496 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1881, being 36,747 and the number of Deaths 22,175; a natural increase of 14,572 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 18,796, the net result shown is a decrease of 4,224: this number differs from the decrease (6,407) in the population, as shown by the Census Returns, to the extent of 2,183, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The Navy and Military serving in Ireland are included in the Population Tables in 1841, 1871, and 1881, but not in previous Censuses. The number in the County of Clare in 1881 was 49, in 1871, 96, and in 1861, 220.

(a) The Civic Districts comprise Ennis Township and Kilrush Town.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described :—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz. :—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, and 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) To this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roofs. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted—In the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first alone all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—
First Class accommodation consisting of 1st class houses, occupied by one family.
Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.
Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.
Fourth Class accommodation including all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, a Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 6.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appeared to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have published Tables for the several Counties in the Province of Munster, and now present Summary Tables for that Province and a Synopsis of the results given in the Summaries prefixed to the County Books, together with Indexes to the several Territorial Divisions. Similar information for the Provinces of Ulster and Connaught will be given in the order named.

It has not been considered necessary to compile Provincial Summaries of Tables IV., VII., XV., XX., XXI., and XXXI.

CENSUS OF IRELAND, 1881.

PROVINCE OF MUNSTER.

In addition to the information contained in the County Tables, it was deemed advisable to depart from the course pursued in 1871, and give Summaries of the results obtained respecting the several Counties in Munster from the Census Returns of 1881; similar information is here given for the Province, together with a synopsis of the County Summaries.

SUMMARY.

Area.

The Province of Munster covers an area of 6,067,723 statute acres, or 29·1 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 677,859 acres under tillage, 593,257 under meadow and clover, and 3,261,116 under pasture, making a total of 4,532,232 acres of Arable Land, or 76·6 per cent. of the total extent of land in the Province; 113,210 acres, or 1·9 per cent under Plantations; 321,114 or 5·4 per cent. under Bog and Marsh; and 732,158 or 12·4 per cent. under barren Mountain Land. The remaining 216,848 acres or 3·7 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the Province of Munster, according to the Census was—in 1841, 2,396,161; in 1851, 1,857,736; in 1861, 1,513,558; in 1871, 1,393,485; and according to the recent Census **1,331,115** (**659,994** Males and **671,121** Females) or **4·5** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the Province at the time of the late enumeration was 239,647, the average number of persons in a family being thus 5·40; and the number of Inhabited Houses was 219,631, showing an average of 5·89 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Counties. (Tables iii. and vi.)

The following Statement shows, by Counties, the number of persons in 1871 and 1881; and the increase or decrease in each during the decade:—

Counties.	Population.		Increase or Decrease between 1871 and 1881.			Counties.	Population		Increase or Decrease between 1871 and 1881.		
	1871.	1881.	Number. Increase	Number. Decrease	Rate per cent.		1871.	1881.	Number. Increase	Number. Decrease	Rate per cent.
Clare,	147,364	141,467	–	6,407	4·3	Tipperary, N.R.,	93,617	86,331	–	7,286	7·8
Cork, E.R.,	348,844	326,760	–	17,084	5·0	Tipperary, S.R.,	128,098	118,281	–	9,818	8·0
Cork, W.R.,	178,232	168,857	–	4,375	2·5	Waterford,	128,310	118,768	–	10,542	8·2
Kerry,	196,556	201,039	4,483	–	2·2						
Limerick,	191,836	180,852	–	11,984	5·6	Total,	1,393,485	1,331,115	–	62,370	4·5

From the foregoing statement it will be observed that the highest per-centages of decrease in the Counties took place in Waterford, and Tipperary, S.R., viz., 8·5, and 8·0, respectively; and that there was an increase of 2·3 per cent. in the County of Kerry.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the Province in 1881, 95·64 per cent. were born therein; 1·67 per cent. were born in Leinster; 0·35 per cent. in Ulster; 0·36 per cent. in Connaught; 1·59 per cent. in Great Britain; 0·39 per cent. were born abroad; and 66 persons were born at sea.

Civic Districts (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The Province contains 37 such districts. In 1871 the total population thereof amounted to 299,096; in 1881 it was 292,391, showing a decrease of 6,705, or 2·2 per cent.; in the rural districts of the Province the decrease was 5·1 per cent.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	1,304,684	1,249,384	93·6	93·8	—	55,300	4·2
Protestant Episcopalians,	74,213	70,128	5·3	5·3	—	4,085	5·5
Presbyterians,	4,091	3,987	0·3	0·3	—	104	2·5
Methodists,	4,756	4,769	0·4	0·4	11	—	0·2
All other Denominations (and Religion unascertained),*	5,739	2,804	0·4	0·2	—	2,935	51·1

Total,	1,393,485	1,331,115	100·	100·	—	62,370	4·5

From the above Table it will be seen that of the total population of the Province in 1881, 93·8 per cent. were Roman Catholics, 5·3 per cent. Protestant Episcopalians, 0·3 per cent. Presbyterians, 0·4 per cent.

* In 1871 there were 2,841 persons returned on the Census Forms for Munster as "Protestants," concerning whose religious profession no further information could be obtained; in 1881 there were but 47 persons so returned.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 0·2 per cent. members of "All other Denominations." During the decade there was a decrease in the number of Roman Catholics of 4·2 per cent.; Protestant Episcopalians, 5·5 per cent., and Presbyterians, 2·5 per cent.; there was an increase of 11 in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the Province of Munster in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	595,829	42·8	707,287	53·2
Read only,	144,868	10·4	136,190	10·2
Illiterate,	652,788	46·8	487,638	36·6
Total,	1,393,485	100·	1,331,115	100·

(Table xxxii.)

From the above it will be seen that whereas, according to the Returns of 1871, only 42·8 per cent. of the Inhabitants could "read and write," in 1881, 53·2 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 10·4, and in 1881, 10·2; and that the per-centage of the "illiterate" fell from 46·8 in 1871 to 36·6 in 1881.

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	597,737	621,489	1,219,226	583,693	596,799	1,180,492
Number of dlite Illiterate,	209,384	269,145	478,529	152,250	184,765	337,015
Proportion per cent.,	35·0	43·3	39·2	26·1	31·0	28·5

From the foregoing statement it will be seen that, in 1871, 39·2 per cent. of the inhabitants, aged five years and upwards, were Illiterate (35·0 per cent. of the males and 43·3 per cent. of the females), and that, in 1881, the per-centage was but 28·5 (26·1 of the males and 31·0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in conjunction, it appears that in 1881, excluding children under five years of age, 30·1 per cent. of Roman Catholics, 5·7 per cent. of Protestant Episcopalians, 3·2 per cent. of Presbyterians, 3·8 per cent. of Methodists, and 4·4 per cent. of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the Province of Munster, according to the Census of 1871 (week ending 17th June), was 196,151 or 42·2 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 216,998, or 45·3 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the Province of Munster returned as Sick, on the night of the Census, was 12,631, or 1 in every 110 of the population; in 1881 the number so returned was 11,228, or 1 in every 119 of the population; of the latter number 4,168 were at their own homes, and 7,060 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 24,279, or 1 in every 57 of the population, of this number 17,230 were inmates of Workhouses, and 7,049 were in receipt of outdoor relief; in 1881 the number returned was 44,873, or 1 in every 30 of the population, 20,310 of these being in the Workhouses, and 24,563 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the Province of Munster during the ten years ending 31st March, 1881, was 59,407, equal to an average annual rate of 4·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the Province during the ten years was 373,944, affording an average annual rate of 27·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 250,161, or an average annual rate of 18·3 per 1,000, being equal to the corresponding rate for the whole of Ireland.

Emigration. (Table xxxviii.)

The number of Emigrants from the Province during the ten years ending 31st March, 1881, amounted to 181,370 (96,288 males and 85,082 females); the number for the previous decade was 304,105, and for that ending with March, 1861, 434,338, making a total of 919,813 for the thirty years.

Registration of Births and Deaths and Emigration.

The number of Births registered during the ten years ending 31st March, 1861, being 373,944, and the number of Deaths 250,161, a natural increase of 123,783 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 181,370, the net result shown is a decrease of 57,587; this number differs from the decrease (62,370) in the population, as shown by the Census Returns, to the extent of 4,783.

Decrease in the Population.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of sod, or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the Province. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 3.

INDEX TO TOWNLANDS AND TOWNS.

NOTE.—The County in which each Townland or Town is situated may be determined by comparing the number of the page on which it appears with the numbers of the pages occupied by each County—thus the Townland of Abbeymahon, which is to be found on page 249, is in the County of Cork, as that County occupies pp. 119 to 406.

The number *prefixed* to each Townland denotes the number of the Electoral Division in which it is situated, as given in the Alphabetical List of Electoral Divisions commencing on p. 1049; thus the Townland of Addrigoole having 41 prefixed, shows that it is situated in the Electoral Division of Grange, and Poor Law Union of Youghal. See p. 1044.

Clare Co. occupies pp. 1–118; *Cork*, 119–406; *Kerry*, 407–536; *Limerick*, 537–682; *Tipperary*, 683–858; *Waterford*, 859–986.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools (of which there are none in the county of Clare), being the first. See Rules of the Commissioners of National Education, page 9.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Cork; and purpose giving similar Tables from time to time, for each County in the Province of Munster, at such intervals as the progress of the work will permit, to be followed by those of Ulster, and Connaught.

Religious Professions.

From the preceding Table it will be seen that of the total population of the County in 1881, 90·8 per cent. were Roman Catholics, 7·8 per cent. Protestant Episcopalians, 0·5 per cent. Presbyterians, 0·6 per cent. Methodists, and 0·3 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 3·8 per cent.; Protestant Episcopalians, 3·7; and Methodists, 0·7. There was an increase of 136, or 6·1 per cent. in the number of Presbyterians.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Cork in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	219,074	42·4	265,091	53·5
Read only,	49,091	9·5	47,954	9·7
Illiterate,	248,911	48·1	182,562	36·8
Total,	517,076	100·	495,607	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 42·4 per cent. of the Inhabitants could "read and write," in 1881, 53·5 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 9·5, and in 1881, 9·7, and that the per-centage of the "illiterate" fell from 48·1 in 1871 to 36·8 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	223,064	228,663	451,727	217,918	221,934	439,852
Number of ditto Illiterate,	82,321	101,241	183,562	57,998	68,809	126,807
Proportion per cent.,	36·9	44·3	40·6	26·6	31·0	28·8

From the foregoing statement it will be seen that, in 1871, 40·6 per cent. of the inhabitants, aged five years and upwards, were Illiterate (36·9 per cent. of the males and 44·3 of the females), and that, in 1881, the per-centage was but 28·8 (26·6 of the males and 31·0 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 31·2 per cent. of Roman Catholics, 6·0 per cent. of Protestant Episcopalians, 2·9 per cent. of Presbyterians, 4·1 per cent. of Methodists, and 2·8 per cent. of the members of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County and City of Cork, according to the Census of 1871 (week ending 17th June), was 73,650 or 42·9 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 83,743, or 47·0 per cent. of the persons aged 5 and under 20.

The Sick. (Table v.)

In 1871 the number of persons in the County and City of Cork returned as Sick, on the night of the Census, was 4,726, or 1 in every 109 of the population; in 1881 the number so returned was 4,279, or 1 in every 116 of the population; of the latter number 1,434 were at their own homes, and 2,844 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 8,145, or 1 in every 63 of the population; of this number 6,031 were inmates of Workhouses, and 2,114 were in receipt of outdoor relief; in 1881 the number returned was 15,476, or 1 in every 32 of the population: 7,372 of these being in the Workhouses, and 8,104 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purpose of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County and City of Cork during the ten years ending 31st March, 1881, was 22,706, equal to an average annual rate of 4·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered during the ten years was 139,462, affording an average annual rate of 27·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 94,273, being equal to an average annual rate of 18·6 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 74,209 (39,636 males and 34,573 females); the number for the previous decade was 118,669, and for that ending with March, 1861, 148,009, making a total of 340,887 for the thirty years.

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 139,462, and the number of Deaths 94,273; a natural increase of 45,189 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 74,209, the net result shown is a decrease of 29,020: this number differs from the decrease (21,469) in the population, as shown by the Census Returns, to the extent of 7,551.

NOTE.—The areas given for the townships and towns are estimated, except in the cases of those which are conterminate with Parliamentary Boroughs.

(a) In the County and Summary Tables the Municipal Towns of Bandon and Youghal were taken as identical in boundary with the Parliamentary Boroughs in 1841, 1851, 1861, and 1871; but after the passing of the "Public Health Act," 37 & 38 Vic., cap 93, the Local Commissioners brought under the notice of the Local Government Board the fact that these towns were of a more limited area than the Parliamentary Boroughs; accordingly, upon further inquiry through the Constabulary subsequent to the publication of the County Book for Cork it was found that the population and inhabited houses within the municipal jurisdiction of the respective towns in 1871, were as follows:—

Bandon, 697 houses; 4,626 persons.
Youghal, 866 houses; 6,561 persons.

The figures for 1881 are for the smaller areas. It has not been found practicable to correctly estimate the area of Bandon township.

(b) Including the inmates of Fermoy Union Workhouse not now returned in Fermoy Township.

(a) The decrease is attributed to the closing of collieries in the neighbourhood.
(b) The decrease is ascribed to families having gone to reside elsewhere.
(c) Dernagree, not containing twenty houses, has, as in 1851, 1861, and 1871, been included with the townland of the same name, on which it stood. See Note at head of Table VII, p 168.

(a) See note (c), p. 184. The decrease in the population of the rural portion of this townland was owing to a larger number of houses having been returned in 1871 than in 1881, as within the limits of the town of Ballycottin.
(b) This amount includes the valuation of the town of Ballycottin.
(b¹) The decrease is stated to be partly owing to 4 houses having been taken down since 1871.
(c) See note (b), p. 186
(d) This amount includes the valuation of a portion of the town of Cloyne.
(e) The decrease is owing to some houses having been levelled since 1871, and to others being now included in Cloyne town.
